The Marriott Tempe at the Buttes is in the Phoenix area just minutes from Sky Harbor Airport. With the desert flora, mountains, outdoor sports, and majestic views, this is a perfect place to work and play. The weather in late October and early November is warm with highs around 85F. The sun goes down early and the air cools to the lows 60s or high 50s. Rain is extremely unlikely but you may want a jacket for the cooler evenings.
